

DSF Switch Box

Small control Box for DSF System

Introduction

Mast mounted vandal-resistant accessory for control of the DSF LED-Floodlights directly without a fully integrated wireless network system. Maximum of six functions (application specific) for dimming and switching the Floodlights. The full output power is available only through use of the key switch.

Features

- IP rated
- Weather and UV resistant
- Vandal resistant
- Self explanatory functions
- Easy to operate
- Key switch override
- Direct control of the LED-Floodlights
- Different illumination level switchable (training, competition, left field, right field etc...)

Application

- Direct control of DSF System
